The 106,000-square-foot Primary Care Annex opened on September 15, 2014 and is located on the corner of Fletcher Ave. and I-75 in the Hidden River community. Primary Care continues to practice care through the concept of Patient Centered Care, utilizing the Patient Aligned Care Team, or PACT module. Our state-of-the-art facility offers Veterans the five-star quaternary health care they deserve.

The PCA has five teams on site: Alpha, Bravo, Charlie, Delta and the Women’s Center, along with other ancillary services. Golf Team, Foxtrot Team, IMC, OEF/OIF and Pain are located at the Main Hospital. Teams are comprised of physicians, nurse practitioners, mid-level practitioners, nurses, social worker, behavioral health, clinical pharmacist, dietitian, and administrative support personnel.

The purpose and objective of primary care is to provide a holistic approach to veterans through a coordinated interdisciplinary team, as well as to improve access to outpatient services and referral to other levels of care in an efficient, high quality and cost-effective manner.
